

Dear Sir/Madam

“Revive to Survive” – Charity Dinner Dance Sponsorship

We are pleased to extend an invitation to your esteemed establishment to participate in **“Revive to Survive”**, a charity dinner dance to be held at the exclusive Houston City Club on August 10, 2013. The Mayor of Houston, Mayor Annise Parker has graciously accepted to be the Chief Guest/Key Note speaker at the event. It will be a great opportunity to enjoy an evening with the Mayor and other leading personalities in Houston while raising funds to provide lifesaving cancer medication to pediatric patients at the National Cancer Institute in Sri Lanka. The event will feature a group of young talented award winning musicians who will entertain the gathering with their unique music.

The organization, Revive to Survive was born when we volunteered during our summer vacation at the National Cancer Institute in distance Sri Lanka. We were shocked to witness the anguish and sheer desperation of families who could not afford lifesaving medication that could help to eliminate the scourge of cancer. Some succumbed due to the inability of their bodies to fight infections, because they were unable to afford medicines like Neupogen®, which helps to strengthen a patient’s immune system. The pain of seeing these kids suffer mainly due to the inability of their loved ones to purchase these lifesaving medications due to poverty was too much to bear. We made a solemn promise to provide these kids with a fighting chance with cancer when we returned back to the United States and embarked on a mission to raise funds to provide essential medicines like Neupogen® to help them beat cancer.

After forming this organization, we had several small fundraisers and the proceeds were sent to the National Cancer Institute to purchase medicines. The website, www.ReviveToSurvive.org provides more information on these activities. We realized that that these small fundraisers were only helping a few patients due to the cost of the medicine and the amount of funds we raised. We set our goal to raise \$25,000 this year and decided to organize a charity dinner dance to accomplish this monumental task.

To achieve this goal we have partnered with Houston Buddhist Vihara, a US based 501 (c) 3 organization to benefit from the tax exempt status as our organization’s tax exempt status is still been processed by the Internal Revenue Service. Every dollar raised from sponsorships will be used directly to benefit the children at the National Cancer Institute.

We humbly request your participation in this humanitarian project that will save the life of these patients.

Sincerely,

Radhini Abeysekera

FACT SHEET

In Sri Lanka, the government provides health services to the best of its ability. However, due to the high cost of cancer care, the government based efforts need to be complemented by volunteer organizations, donors and non-governmental agencies.

When patients undergo chemotherapy, their immune system gets weakened. Patients with weakened immune systems, especially a decrease of their neutrophil count (a type of blood cell needed to fight infections), frequently get life threatening bacterial infections that lead to hospitalizations and often death. Drugs such as Neupogen® help to increase the patient's neutrophil count rapidly and prevent these severe infections.

In many cases, the burden of purchasing these expensive chemotherapy and immunity building medication falls on patients. Most of these patients cannot afford these lifesaving medications due to poverty and financial hardship. Depending on the type of cancer, progression of the disease, and treatment protocols, many patients frequently require multiple drugs as well as multiple doses. Inability to buy these essential medicines leads to poor outcomes and at times even death.

WHEN

Saturday, August 10, 2013
6:30 PM – 11:30 PM

WHERE

The Houston City Club
One City Club Drive,
Houston, Texas 77046
